PLANNING OF ONLINE CLASSES

16 July, 2020

Dear Teachers,

Until a couple of weeks ago, our digital classes plan consisted of one video per class once in two days, followed by relevant study materials and worksheets.

Even though this method has been much appreciated, I feel that this is not enough. Online classes seem like the only option for the next few months, so we need to do more.

We will soon be launching live-classes, alongside video classes. The purchase of the live streaming module from CampusCare is being finalized.

The Central government has permitted two live classes a day per grade (I-VIII), of 40 minutes each.

In this context, I am instituting a Committee of teachers, who will gather via Zoom tomorrow (17 July 2020), under the leadership of Sr Principal, to discuss and create a plan for taking our digital classes forward.

The meeting, that will start at 2.30 pm, will discuss, among other things, how to integrate video classes and live classes, how many videos per subject a week, how many live sessions per subject a week, the content of the live sessions, from where they would be conducted: home or classroom, equipment: cell-phone or camera, how to make these classes a two-way process, evaluation of assignments, worksheets, creation of a comprehensive schedule, etc.

Feel free to send your suggestions to the Committee members.

Mr Dinesh will take care of the technical coordination of the meeting.
